SPEAKERS

■ **Michael Lynk**, UN Special Rapporteur on the situation of human rights in the Palestinian Territory occupied since 1967 (via Skype)

■ **Sameeha H. H. Huraini**, Palestinian activist from the South Hebron Hills

■ **Dr. Luigi Daniele**, Senior Lecturer, Nottingham Law School, NTU

■ **Bahjat K.I. Alhelou**, Coordinator of the awareness raising and training department in the Gaza Strip, Independent Commission for Human Rights (ICHR)

MODERATOR

■ **Micol Savia**, IADL permanent representative to the UN in Geneva

The Palestinian communities in the South Hebron Hills live in a constant state of fear. At this parallel event, the speakers will analyze the major legal implications of the systematic, silent, and underhanded violations of the Israeli authorities and settlers against Palestinian communities in the area as well as in the entire oPt. Victims of these abuses will share their precious testimonies and will speak about the birth and growth of nonviolent resistance movements of young Palestinians standing up against the military occupation of Palestine.
